Tracey White
Vice President, Community and Government Relations
HCA Healthcare

Virginia Healthcare Emergency Management Program

The Virginia Healthcare Emergency Management Program (VHEMP) was created in 2002 through a partnership between the Virginia Hospital & Healthcare Association (VHHA) and the Virginia Department of Health (VDH). The program aims to enable the Commonwealth's health care delivery system to prepare, respond to, and recover from natural and man-made disasters. Funded through the Administration for Strategic Preparedness and Response's (ASPR) Hospital Preparedness Program, the program consists of four regional healthcare coalitions designed to foster collaborative planning efforts between healthcare facilities, first responders, and community partners at the local and regional level. These collaborative efforts aim to identify and address gaps in the health care system's ability to effectively respond to a disaster. Each healthcare coalition operates a Regional Healthcare Coordination Center (RHCC), a 24/7 operations center designed to be the coordination and communication hub for health care and community partners during a disaster. Additional information about the program can be found at www.vhass.org or by contacting staff below.

VHHA SOLUTIONS

loyal

Transform patient engagement into measurable growth

A one-size-fits-all approach to patient engagement is no longer practical in today's dynamic healthcare landscape. Each health system operates within a unique ecosystem shaped by distinct patient populations, competitive pressures, and operational goals.

Loyal delivers flexible, high-converting solutions that help health systems boost patient acquisition and retention efforts through:

Optimized Care Navigation
Real-time EHR integrations paired with intuitive search and scheduling solutions maximize digital front-door results.

Stronger Reputation
Simplified review management boosts brand awareness and drives measurable ROI across third-party directories.

Outbound Engagement
AI-powered CRM unifies consumer data for precise audience segmentation and personalized outreach.

Solving the Youth Mental Health Crisis

Mental health challenges among kids and teens are at an all-time high

Therapy can be transformative when paired with the right care team. Backpack Healthcare delivers virtual-first behavioral health care for children, teens, and families—enhancing access, reducing wait times, and ensuring continuous care across all clinical needs.

www.hellobackpack.com

Our Approach

- **Comprehensive Services:** We offer therapy, psychiatry, psychological evaluations, medication management, and family/group counseling for ages 4 and up.
- **Virtual-First Access:** Care is provided via telehealth, eliminating barriers like geography, transportation, and stigma.
- **Full-Time Clinical Teams:** All care is delivered by dedicated, W2-employed clinicians, ensuring consistency, quality, and seamless team-based collaboration.

backpack
