

Sample Hospital Nurse Staffing Committee Announcements

SAMPLE #1

Nurse staffing has been, and continues to be, a leading challenge in healthcare and in hospitals across the state. We recognize that our frontline nursing teams have unique insight that is critical for a full understanding of our opportunities to improve staffing and find successful solutions to current challenges.

To this end, (HOSPITAL NAME) is joining other hospitals across the state in implementing a nursing staffing committee. This committee will be a collaborative group of frontline nurses and members of the administrative team who are committed to solving workforce challenges and creating staffing practices that will bring us successfully into the future.

We are incredibly proud to announce the creation of this committee and look forward to joining in this important work with our nurses.

SAMPLE #2

(HOSPITAL NAME) is proud to announce that we are implementing a hospital wide nurse staffing committee. This committee is a platform created to bring our nurses and leadership together to co-lead work on existing staffing challenges due to the nursing shortage and find successful solutions to carry us into the future.

Hospitals across the state have experienced ongoing workforce challenges including persistent nursing shortages which exist nationally. It is imperative that the voice and perspective of frontline nurses are part of these important discussions and are key contributors to the solutions.

More information will be forthcoming. If you are interested in representing your department in this work, please let your manager know.

Thank you for all you do for our patients and for the success of our organization.

SAMPLE #3

(HOSPITAL NAME) is excited to announce our plans for the formation of a nurse staffing committee. This important committee will be a collaboration of administration and front-line nurses working together to co-lead efforts addressing our staffing challenges and other workforce concerns in the hospital.

More information will be forthcoming, and we hope you will consider joining this important work. The voice and involvement of our nurses is critical to our success in planning the future of our workplace for nursing teams and quality patient care.
